

**TRANSPLANT  
QUÉBEC**

*Organ donation,  
together for life  
for 50 years*

## Declaration of Commitment

- Considering the work that's been carried out on organ donation in Quebec in the past several years;
- Considering the discussions that were held at the International Legislative and Political Forum on Organ Donation and Transplantation and the Forum on the Future of Organ and Tissue Donation in Quebec;
- Considering the opportunity to address, in a calm and constructive manner, legal and ethical issues in organ donation and transplantation, as well as issues related to consent, organization, training, and roles and responsibilities;
- Considering the need to improve procedures and the organization of organ donation in Quebec;
- Considering the need to open a calm public discussion on the issue of organ donation in Quebec;
- Considering our shared desire to ensure that patients requiring a transplantation can have access to it as soon as possible.

**We pledge to initiate a non-partisan dialogue geared to finding solutions for reforming organ and tissue donation, one that involves all Quebecers.**
